

FSC continues expanding the range of services entering into the market of Document Management .

FSC offers the ECM solutions from [ELO Digital Office GmbH](#) :

ELOoffice, ELOprofessional and ELOenterprise.

ELO Digital Office develops and markets high-performance software solutions in the areas of electronic document management, digital archiving and workflow management. The solution covers the full range of Enterprise Content Management (ECM).

This partnership with ELO fulfills the FSC's mission to integrate completely the Business Information System. The extensive automation of archiving documents (from ERP, scanners, desktop, ...) and the powerful Workflow tool, present in the ELO suite, allow to reach the full control of the business processes.
